About Me

I am a hard working individual. My peers describe me as a quick learner, honest and friendly individual. I can work well within a team as well as working as an individual. I'm able to listen effectively, solving problem and always have a mindset to grow and improve.

Experience

Wave International

IT support intern

In this position, my main role is to provide hardware and software support around the office. I had chance to learn how to work effectively in a team and manage my time efficiently to able to complete all deadlines.

Grange Dental Care

Dental Assistance

Prior to receiving this role, I have no experience regarding dental assistant. I was able to quickly learn on the spot and secure myself this role. I closely assisted the dentist as well as manage patients' documents.
